Dear SVCS Parents,

I am writing to inform you about a recent potential school safety incident, during which a student made a false allegation regarding a potential threat at the school.

This allegation was reported to the school district administration. The administration immediately began an investigation and notified law enforcement. Law enforcement immediately began a thorough investigation and determined that these reports were unfounded as they were based on false allegations.

I would like to thank the Madison County Sheriff's Department for their quick response and diligence with this situation.

The safety and well-being of all of our students is our highest priority, especially in these times of heightened vigilance. Although in this case we found no threat to have been made, we continue to take all reports of safety concerns brought to our attention seriously. If you have any concerns in the future or and questions about this issue, please feel free to contact me.

Sincerely,

Cindy Stocker
Superintendent
